Find out for yourself all that LeadMaster Voice Click Dialer can do for you and how easy it is to use.

www.LeadMaster.com

Don't waste any more time dialing phone numbers manually!

Double your calls using LeadMaster Voice Online CRM Click Dialer

Perfect for Call Centers, Direct Sellers, Network Marketers, MLM Organizations, Insurance, Small Businesses, Mortgage, Real Estate, Finance, Healthcare, Manufacturing and many more.

Just click any telephone number on your screen and LeadMaster Voice dials it for you!

A key pad pops up on your screen with the following:

- **Scripts** to assist you selling your product.
- **Pre-Recorded messages** to play on answering machines or voice mail (saves you from having to say the same thing over and over).
- **Record button** to click whenever you want to record the conversation.

What else do you need to use LeadMaster Voice Click Dialer?

- **LeadMaster CRM –www.leadmaster.com**
- **High Speed Internet Connection**
- **Desktop or Laptop Computer with Windows XP, Vista or 7**
- **Wired or Wireless USB or PC Headset**

(Note: You do NOT need a telephone or telephone line)

How it works.

Just click with your mouse on any of the telephone numbers on your LEADMASTER CRM and the Click Dialer instantly dials that number. No more dialing by hand or looking back and forth from the phone number to your telephone keypad. When you click, the Click Dialer pops up and dials your calls.

Features

Play Pre-recorded Messages: Click any of the blue arrows to play one of your 3 pre-recorded messages when you reach an answering machine or voice mail. It saves you from having to say the same thing over and over many times a day.

Read Scripts: Click the paper icon to display your 4 scripts to assist you when talking to someone.

Record Conversations: Click the little red button to record conversations on your hard drive.

Place Calls on Hold: Click the Hold button to place a call on Hold. Click it again to release and talk.

Private Address Book: Click the people icon to access your private Address Book. You can just click a number to call your family or friends.

Bonus Feature:

Swipe Dialer: When you're not using the Click Dialer with LEADMASTER, you can use your mouse to swipe any phone number on your computer (on emails, web sites, documents, etc.) to place a call. No more dialing numbers with your fingers.

The screenshot shows the LEADMASTER web interface with a table of accounts and a mobile phone interface overlaid. The phone interface includes buttons for 'Record conversations', 'Play pre-recorded messages', 'Private address book', 'Place Calls on Hold', and 'Read Scripts'. The table below shows account details:
